Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

We are Senior Citizens and struggle to make ends meet now. We only use our wireless for emergency while traveling or emergency at home. Doesn't seem fair that we pay the same as people who use their wireless all the time. Please be fair to us.  
Please consider us.  
Thanks,  
Peggy
